

MICROSOFT VIVA WORKSHOP

In today's world, employees want **flexible remote work options**, and **meaningful in-person collaboration**. Empowering people to thrive in the hybrid work environment requires rethinking everything - from how you empower managers, how you create culture, to how you reimagine the employee experience.

And that's where **Microsoft Viva** comes in. As your employees are challenged with a growing imbalance between work and life - increased burnout, and decreased wellbeing - teams and organisations face diminishing social capital. There is an urgent need to **digitally reimagine the employee experience**.

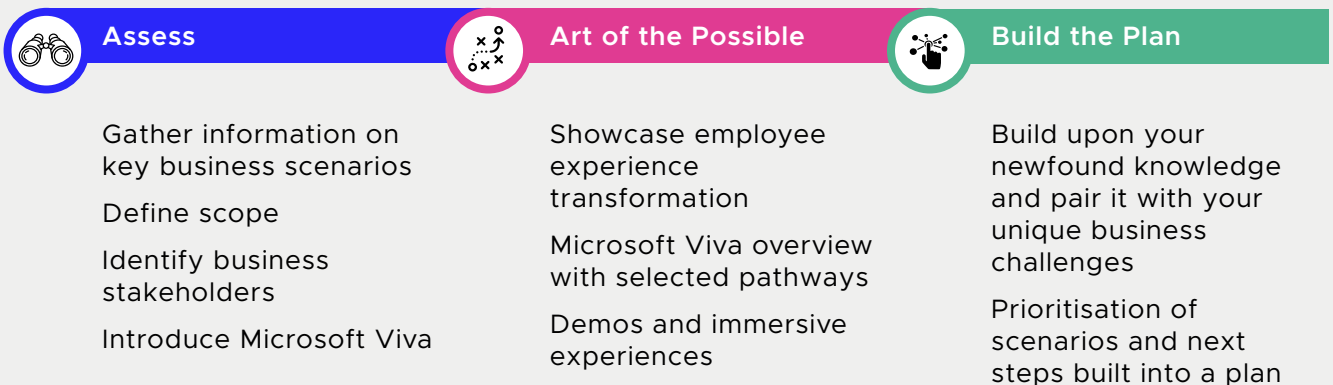

Microsoft Viva, an integrated platform built on top of Microsoft Teams, will help your people to be their best and to **thrive in the new reality**.
